EXPERIENCE

Web Development Intern

CodeAlpha

 2025

 Remote

- Successfully completed project-based tasks simulating real-world developer workflows.
- Utilized GitHub for collaborative version control, tracking code changes, and managing deployments.
- Optimized frontend layouts for maximum speed, accessibility, and fluid responsiveness across screens.

FEATURED PROJECTS

Aura Gadgets – E-Commerce App

Frontend Developer

 2025

- Developed a modern, mobile-first e-commerce web interface for premium smartphones and digital gadgets.
- Implemented clean, intuitive grid and flexbox layouts to ensure a smooth, user-friendly shopping navigation.
- Optimized asset sizes and client-side JavaScript scripts to guarantee fast loading speeds.

Card Specialist – Custom Invitation Hub

Frontend Developer

 2026

- Built an interactive web frontend for a premium custom invitation platform catering to special formal events.
- Created an elegant UI allowing users to easily browse diverse designs and seamlessly personalize event details.
- Ensured strict cross-browser compatibility and responsive scaling across desktop, tablet, and mobile viewports.
